

FRAISER KILONZO

Cyber Security - Junior Penetration Tester

PERSONAL PROFILE

Cyber security enthusiast eager to contribute to team success through hard work, attention to detail and a great learning mind. Clear understanding of networks, web development and security and training in network security. Motivated to learn, grow and be exceptional in cyber security.

SKILLS AND ABILITIES

- Component installation
- Network support
- Failure resolution
- Staff assistance
- Adaptability
- Troubleshooting
- Teamwork
- Passion for sharing, learning and growing my knowledge
- Designing and evaluating network architecture.
- Programming languages: HTML, CSS, JS, Python
- Network Software: Cisco Packet Tracer, Nmap, Wireshark
- Knowledge in Linux systems

WORK HISTORY

Network Support Engineer

Dscon Limited- Juja Thika

02/2019 - 12/2020

- Worked with Mikrotik systems to provide and distribute network to our various clients.
- Drafted post-mortem documentation analyzing instances of network system failures, including required repair and restoration efforts.
- Diagnosed network problems involving combination of hardware, software, power and communications issues.
- Oversaw junior-level, directing work orders while monitoring performance metrics and consumer feedback.
- Improved overall user experience through support, training, troubleshooting, improvements and communication of system changes.
- Established, repaired and optimized networks by installing wiring, cabling and devices.

EDUCATION

Jomo Kenyatta University of Agriculture and Technology

- Degree in Bachelor of Business Information Technology
Expected to graduate in 2022

Newlight Senior Boys School

- Kenya Certificate of Secondary Education (KCSE)
2017 Grade B-

Langata Junior School

- Kenya Certificate of Primary Education (KCPE)
2012 Grade 320

ACCOMPLISHMENTS

- Took Part in picoCTF 2021
- Took part in SheHacks HackFest 2019 and 2020
- Took in the Kenya National Cybersecurity CTF 2020 by CyberTalents and came in 6th nationally

CERTIFICATIONS

- Introduction to Cybersecurity - Cisco-e.Kraal learn-a-thon
- Software Development -Moringa school, Prep class July 2018
- CCNA 3, Cisco Enterprise Network, Security and Automation - e.Kraal-Cisco
- CCNA 2, Cisco Switching, Routing & Wireless Essentials - e.Kraal-Cisco
- CCNA 1, Cisco Introduction to Networks - e.Kraal-Cisco
- Python and Ethical Hacking - Udemy
- Pentest Fundamentals: Scanning Networks - cybrary
- Network Fundamentals for Security Practitioners - cybrary
- Identifying Web Attacks Through Logs - cybrary
- Command Line Basics - cybrary
- Cyber Network Security - cybrary
- Advanced Cyber Threat Intelligence - cybrary
- End User Security Awareness - cybrary
- Cryptography Fundamentals - cybrary
- Introduction to Infosec - Cybrary
